EASTERN IDAHO'S FEBRUARY 2011 MEETING & VALENTINE'S CELEBRATION

The February meeting was a little different. We had a Valentines Day Pot Luck Dinner Meeting. All supplied dishes had to meet the Valentine color criteria. It turned out to be very very good. Our thanks to All who participated with the great food. The pictures below will show you what you missed if you were not there. Editor

Getting ready for the valentine dinner and Club meeting of the Eastern Idaho Chapter

The troops bring in the goodies for the club to devour prior to the meeting

Some of the menu meeting the color requirements. We all thank the great cooks

Would you say that this meets the valentines Day color requirements? It was very good

Everybody is full so the boss gets on with the meeting as a great president does.

The secretary reading the minuetts from the last meeting. We all had a great evening

EI-VMCCA Meeting was called to order by Mike Derbidge at 7:40 p.m.

January 2011 minutes were read by Mark Schwartzberger, Secretary/Treasurer and were approved and seconded as read.

- Valentine's Day pot luck dinner was begun at 7:00 p.m. and dinner along with assorted desserts were enjoyed by all in attendance
- Judyth Derbidge was thanked for setting up and organizing the pot luck dinner
- The account balance is currently \$x.xx. Joy Eagle (by e-mail message) indicated a new account at Westmark Credit Union 1st Street branch has been opened. The current bank has indicated they cannot have two separate accounts available (primary and separate to handle the Regional tour funds) without additional charges. Westmark is able to do this. There is still a CD for approximately \$x.xx at US bank which will mature in July and then transferred to Westmark.
- Bud Cheney indicated that Rich Eagle was able to create a sketch for the Swap Meet and provided copies of the brochure for this year's event. Bud did indicate that a sign-up book is available for volunteers to sign up for the various activities relevant to the Swap Meet (help with Bud organizing the meet and for Janet Cheney regarding volunteers for the meal preparations). Requests are now being made for assistance with baking pies and/or contributions for purchase of pies. Having great meals and pies add to the success of the Swap Meet. Brochures will be sent out to other local chapters.
- A need for 300' to 400' of rope is being requested to aid with marking off boundaries at the Swap Meet. Yale Harker was coerced into checking at the Army Surplus store and will find out what Dana is able to provide for the club use/purchase
- Brian Edgerton indicated that half of the available rooms for the Regional Tour have already been booked, with 12-13 rooms still available. 8-9 RV spots are also available. Contact Lisa Foster at Teton Mountain View Lodge (208)456-2741. Additional rooms may need to be sought elsewhere. (possibly in Driggs). Volunteers still needed for this tour, especially Tour lead to Mesa Falls/Phillips Lodge on Saturday July 9th and Tour lead for Sunday July 10th for the tour to Grand Targhee Resort. Gary Schwartzberger is coordinating a Friday July 8th special tour in the Victor area. Details to follow. Efforts to get the Regional Tour information in the Bulb Horn have yet to be successful and Brian indicated the club may need to purchase ads
- Sam Otero indicated that the club will be donating \$1000.00 to the ISU endowment fund, however this is currently listed in the name of Tri-City Chapter. Sam will be requesting this be credited to the Eastern Idaho Chapter Veteran Motor Car Club of America and also in the name of the Mary Bunce Scholarship Fund and will contact Kent Tingey in reference to this change. Sam continues to receive information from the College of Southern Idaho regarding a car show to be held at CSI this year however there is no indication of dates for this show
- Ray Born said that the EI chapter currently has 54 paid members in the national VMCCA. Ray also asked members to provide him with an e-mail address if they would like to receive electronic copies of The Gas Line, which are available in color
- Saturday March 12th there will be a St. Patrick's Day Breakfast at Shari's Restaurant at 8:00 a.m. with trip then to EITC for a tour of the automotive facility
- Upcoming car shows for 2011
- Salt Lake City World of Wheels March 4-6
- Boise Roadster Show March 11-13
- Pocatello Chrome in the Dome March 18-19
- Twin Falls College of Southern Idaho mid-April
- Status report on Greg Schwartzberger indicates he continues to "hang in there" and doing okay
- Ike Ikard had recent minor surgery but reports he is doing well
- Suggestion was made by Brian Edgerton to send a sympathy card to Naomi Cole in regards to the recent passing of Larry. Someone indicated Joy may have already done this
- Dawn Schwartzberger indicated she has contacted various vendors regarding items (tire gauges, etc.) to include in the ditty bag for tour participants and asked all members to help with getting additional stuff to include (up 40 items) and these can be a variety of items, e.g. key rings, pens, tablets, anything automotive, etc
- John Dowdy indicated he has information regarding the upcoming 100th Anniversary of Bonneville County and provided a brochure that lists some of the upcoming activities commemorating this celebration. John indicated they want to do a car show but have not yet scheduled any date of this and he also informed his informant that many shows are already scheduled or being scheduled and Bonneville County will need to get this done soon. John also said that the monthly car club meeting is not being listed in the Post Register and Gary Schwartzberger indicated he will make this contact to get this notification listed
- Mark Schwartzberger has contacted Bond at the Anheuser Busch Processing Plant and hopes to get confirmation regarding a tour of this facility relative to an April Dust Off tour
- Sam Otero has been attempting to contact Kirkham's regarding a visit to their car garage but nothing definite yet
- Dawn Schwartzberger has the listing for treats for the next several meetings and it is available for members to sign up for this opportunity. She will provide the current listings she has available to Ray Born

A motion was made to end the meeting and was seconded.

I was wandering around the Internet in search of something car relevant for the month of March so I could include a fact or two for the Presidents Message. I found that my wandering led me down many rabbit holes in search of something that would be interesting to our demographics. I found things on the Royal Automobile Club of England, the Canadian Vintage Car Registry and parts and supplies for vintage scooters - just to name a few. Holy cow can a person get side tracked looking for a relevant piece of information! I considered the most popular brand of cars owned by our membership and while there are favorites of each collector, the one most collected by our club is Ford. I looked for March events for the Model T and Model A to no avail. I did find that by 1914 the assembly process for the Model T was so efficient that it took only 93 minutes to assemble a car; that year, Ford produced more cars than all the other automakers combined. However, I digress—I did find a March event with the Ford Mustang. Production of the 1965 (VIN coded as 1965 models) began in Dearborn Michigan on March 9, 1964 and the car was introduced to the public on April 17, 1964 at the New York World's Fair. The Mustang is Ford's third oldest nameplate currently in production next to the F-series pickups and the Falcon that is still in production is Australia. The Mustang is the only original pony car to remain in uninterrupted production over four decades of development and revision. On a personal note, I attended the New York World's in New York City in 1964. I did get to see the Mustang at the Fair. I was part of a group who also visited the Ford Dearborn plant and we watched the steel being forged and other manufacturing steps to the conclusion of a completed and operational 1965 Mustang!!! So just one parting comment, if you have an "I didn't know that about you" moment share it with Ray or me and let's see if we can get some of those stories into our wonderful newsletter. Mike Derbidge

The Dust Off tour will be April 16th, starting off with a tour of the Busch malt processing plant and then a tour to Blackfoot with lunch at Rupe's Drive Inn, a trip to the Potato Museum and than a stop at Ike Ikards' (not yet confirmed) on the way back. Mark
